Kartelannın hazırlanmasında büyük özen gösterilmiş olmakla beraber baskı tekniği sebebiyle renk tonlarında farklılıklar olabilir. Renk seçiminde, bu faktörle birlikte uygulama yapılacak ürünün parlaklığı, dokusu, zemin emiciliği ve ışığın renk üzerindeki etkisinin göz önünde bulundurulması gerekmektedir. Colors may show difference from the original because of the printing method used in this color card. Besides this fact, the texture and glossiness of the paint, water absorption structure of the surface and the effect of light on the color must be taken into consideration when choosing the color.
